

PEL BOTTLE CRUSHERS

Within our Jaws range of patented bottle crushers, we have a variety of models available.

Each model helps **reduce costs, save space and increases time efficiency.**

WHY CHOOSE A PEL BOTTLE CRUSHER?

- Reduce glass disposal costs and lower bottle volume by up to 80%.
- Allows staff to prioritise customer service over moving empty bottle bins throughout the bar.
- Creates a more spacious working environment eliminating storing empty bottles.
- Aids the reduction of your carbon footprint by reducing the necessity for excessive collections.
- Reduces the workload for staff and eliminates the necessity to segregate empty bottles.

WHAT OUR CUSTOMER HAVE SAID ABOUT THE PEL BOTTLE CRUSHER PRODUCT RANGE

'We have installed 'Baby Jaws' in our bars. No more wheeling bottle bins through crowded bars, bar staff are behind the bar all night. We are making money and saving money, no more segregating bottles.'
- **Dave Morissey, Porterhouse Group.**

'We have had PEL products installed for a number of years; our hotels have saved on disposal costs, labour costs and we have a tidier back of house area. The PEL machines are quality and trouble free.'
- **Niall Kelly, Rezidor Hotel Group.**

'The BB09 bottle crusher is very quiet so we've placed it in the bar area where staff pop the empties into it as they are served or as the bottles come back from the floor. It is saving us time and keeps the staff serving customers rather than managing waste bottles.'
- **Laura Jackson, Boogaloo.**

'We choose PEL innovative products because they stand out from the rest.'
- **Ted Feeney, Hilton Hotel Group.**
