

The **PELBB03 Jaws glass bottle crusher** with an external filtration unit is the perfect solution for establishments with a high volume of waste glass. This stand-alone unit typically located in back of house areas and can crush and hold the equivalent of up to 95 bottles.

**BENEFITS OF THE BB03 JAWS BOTTLE CRUSHER**

- The PELBB03 is a volume fed unit whereby multiple waste glass bottles can be fed simultaneously, reducing workload for staff and management.
- The integrated dust extractor filtration system makes it suitable for indoor use, or areas with poor ventilation.
- The BB03 JAWS has the ability to crush and hold up to 95 waste glass bottles per tote, reducing waste glass volume.

**WHAT OUR CUSTOMER HAVE SAID ABOUT THE PEL BOTTLE CRUSHER PRODUCT RANGE**

'We have installed 'Baby Jaws' in our bars. No more wheeling bottle bins through crowded bars, bar staff are behind the bar all night. We are making money and saving money, no more segregating bottles.'

- Dave Morissey, Porterhouse Group.

'We choose PEL innovative products because they stand out from the rest.'

- Ted Feeny, Hilton Hotel Group.
