

The **PELBB06 MEGA JAWS** is a high capacity glass bottle crusher featuring and integrated dust filtration system. This is a stand-alone unit that is typically located in back of house areas. Multiple bottles can be fed into to the BB06 simultaneously.

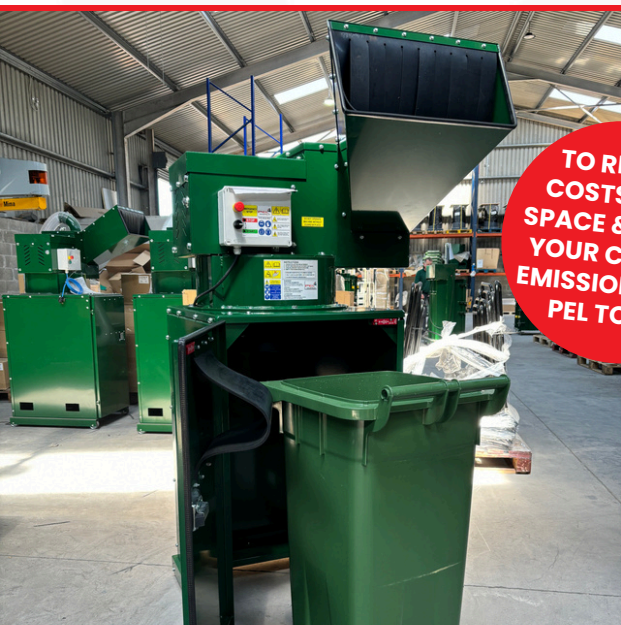

BENEFITS OF THE BB06 MEGA JAWS BOTTLE CRUSHER

- This is a standalone glass bottle crusher with a compact footprint suitable for indoor and outdoor installation.
- The external dust extractor filtration unit filters and removes dust created during the bottle crushing process, making it safe to operate in confined spaces.
- A volume fed shoot creates efficiency for staff by reducing their workload in glass bottle segregation. It further reduces the noise of clinking bottles.

WHAT OUR CUSTOMER HAVE SAID ABOUT THE PEL BOTTLE CRUSHER PRODUCT RANGE

"We have installed 'Baby Jaws' in our bars. No more wheeling bottle bins through crowded bars, bar staff are behind the bar all night. We are making money and saving money, no more segregating bottles."

- Dave Morissey, Porterhouse Group.

"We choose PEL innovative products because they stand out from the rest."

- Ted Feeney, Hilton Hotel Group.
