

The **PEL100 Bin Compactor** reduces weekly waste collections; saving money on waste disposal costs. The PEL100BC will create space by reducing the number of bins required to store waste allowing for a smaller, cleaner and tidier waste storage area.

BENEFITS OF THE PEL100 BIN COMPACTOR

- The PEL100BC will compact up to 3 bins into 1, generating savings on waste disposal of up to 66%.
- The reduction of waste volume lowers the necessity for excessive waste collections. This contributes to reducing your overall carbon footprint
- The two handed operational management systems makes this machine safe and easy to use
