

The **PEL 1500A Baler** is ideal for service stations, convenience stores or any premises producing large quantities of recyclable wastes and requiring a baler producing a bale of 150-200kg. Waste volume and disposal costs are reduced by up to 90%

BENEFITS OF THE PEL 1500A BALER

- The PEL 1500A frees up space by eliminating the requirement for additional waste bins or skips for storing recyclable materials.
- The PEL1500 baler is easy to use. Its wide aperture and lever action door handle removes the need to manually breakdown bulky cardboard or plastic.
- Automatic bale cycle with an automatic bale ejection system for ease of use.

WHAT OUR CUSTOMER HAVE SAID ABOUT THE PEL BALER PRODUCT RANGE

‘We recently installed the PEL high density balers. The balers have increased our recycling rates and made it easier to manage our cardboard and plastic wastes improving efficiency on the floor’
 - Ger Murnane - Baxter Healthcare

‘We have PEL products installed for a number of years, our hotels have saved on disposal costs, labour costs, tidier back of house, these are a range of quality, trouble free machines’
 - Niall Kelly - Pressup Group
