

The **PEL700** single chamber Baler is commonly used in smaller premises including restaurants, fast food outlets, pharmacies etc. Waste volume and disposal costs are reduced by up to 90%. Reduce costs, save space and lower carbon emissions

BENEFITS OF THE PEL700 BALER

- The PEL700 baler frees up space by eliminating the requirement for additional waste bins or skips.
- Due to its strong vertical hydraulic cylinder and neat compact footprint, this baler transforms loose cardboard and plastic into neat 70-80kg bales.
- The PEL700 is available in a Semi-Automatic and Automatic model.

WHAT OUR CUSTOMER HAVE SAID ABOUT THE PEL BALER PRODUCT RANGE

‘We recently installed the PEL high density balers. The balers have increased our recycling rates and made it easier to manage our cardboard and plastic wastes improving efficiency on the floor’

- Ger Murnane - Baxter Healthcare

‘We have PEL products installed for a number of years, our hotels have saved on disposal costs, labour costs, tidier back of house, these are a range of quality, trouble free machines’

- Niall Kelly - Pressup Group
